

SOCIETY PROFILE

Mauritian offshore fishing, built for responsible growth.

Nazareth Offshore Fishing Co-operative Society Limited is a Mauritian semi-industrial offshore fishing co-operative operating in the Indian Ocean. We are committed to responsible fishing, sustainable development and contributing to the growth of Mauritius' blue economy.

Responsible operations

A practical approach to resource use, safety, quality and reliable offshore operations.

Vessel project

The Society's first 20-metre semi-industrial fishing vessel is under construction in Sri Lanka for offshore and demersal fishing.

Professional partnerships

The Society works directly with suppliers, technical specialists, regulators, finance partners and commercial buyers.

Blue-economy contribution

The project is intended to strengthen Mauritian fishing capacity, local value creation and long-term sector development.
